Hector Osuna

SENIOR GRAPHIC AND WEB DESIGNER

McKinney, TX | hosuna23@gmail.com
Portfolio | LinkedIn

Professional Summary

Senior graphic and web designer with 10+ years of experience creating on-brand digital experiences and marketing assets, including prior in-house experience at ADI Global Distribution and current contract work supporting ADI through NTT DATA. Combines visual design, responsive interface design, and hands-on production using Figma and Adobe Creative Cloud. Experienced in ecommerce brand pages, promotional banners, email campaigns, social media, and collaboration with developers, marketers, and vendors.

Design Skills and Tools

Digital and brand design: Ecommerce creative, responsive websites, landing pages, mobile interfaces, promotional campaigns, email and social graphics, brand guidelines, reusable components, wireframes, and interactive prototypes.

Production and publishing: Image editing, cropping, resizing, versioning, web optimization, print layout, CMS content updates, WordPress, Marketo, Workfront, HTML, CSS, and JavaScript.

Design and analytics tools: Figma, Adobe Photoshop, Illustrator, InDesign, After Effects, Premiere Pro, Google Analytics, and Mouseflow.

Professional Experience

UI/Brand Designer Designer Contract

NTT DATA | Supporting ADI Global Distribution | Plano, TX | May 2024–Present

- Design ecommerce brand pages, landing pages, promotional banners, email graphics, and social assets for ADI, translating marketing objectives into clear, on-brand customer experiences.
- Create responsive layouts, high-fidelity interfaces, reusable components, and interactive prototypes in Figma; prepare specifications and design documentation for implementation.
- Collaborate with designers, developers, marketers, project stakeholders, and external vendors to align creative assets with campaign briefs, brand guidelines, and production requirements.
- Prepare and optimize product and lifestyle imagery through cropping, resizing, versioning, and quality review across web and campaign formats.
- Coordinate creative reviews and approvals through Workfront and support Marketo email production, maintaining accuracy across deliverables and deadlines.
- Design responsive landing pages and user journeys that increased engagement and accelerated stakeholder approvals by 35%.

Senior Graphic Designer

Caliber | Lewisville, TX | Feb 2024–May 2024

- Designed web and social assets and landing experiences, using visual hierarchy and UX principles to increase engagement by 45%.
- Partnered with cross-functional teams on campaign content, aligning brand execution and user experience to drive a 20% lift in customer interaction.

Professional Experience Continued

Senior Graphic Web Designer

ADI Global Distribution | Irving, TX | Oct 2021–Aug 2023

- Created landing pages, graphics, icons, interactive elements, and mobile app designs using Figma, Photoshop, Illustrator, and Adobe Creative Cloud, increasing landing page engagement by 25%.
- Translated B2B digital marketing objectives into compelling web designs aligned with corporate brand guidelines and consistent across customer touchpoints.
- Collaborated with cross-functional partners to deliver responsive, accessible desktop and mobile experiences, contributing to a 55% reduction in bounce rates and a 15% increase in user satisfaction.
- Used analytics and usability insights to refine layout, navigation, and content hierarchy, helping increase user interactions and conversions by 10%.

Senior Graphic Web Designer

CareerStaff Unlimited | Irving, TX | Jan 2021–Oct 2021

- Led the design of a responsive website redesign, improving information architecture, navigation, and visual hierarchy.
- Created wireframes and clickable prototypes, incorporating usability feedback into final interface designs and collaborating on implementation.
- Designed an RFP-focused landing page that contributed to securing two client contracts.
- Reduced WordPress load time by 80%, improving website performance and the user experience.

Senior Graphic and UI Designer UI/UX Focused

Working Solutions | Dallas, TX | Jun 2015–Jan 2021

- Contributed to an enterprise rebrand recognized by the REBRAND® 100 Global Awards, translating brand strategy into consistent visual and digital experiences.
- Used Google Analytics and heatmaps to guide website and navigation improvements that increased web traffic by 26%.
- Redesigned site structure and navigation to improve searchability by 87%; applied SEO and user behavior insights to content and information architecture.
- Implemented analytics-informed UX improvements that increased organic traffic by 338%.
